The Real-Time Safety Assessment Platform

K-12 Uses Continuously – Improving Safety All-Year Round

- **Comprehensive Campus and Stakeholder Partnership Breakdown:** We meticulously segment your entire campus including police partnerships [remember [Uvalde, Robb Elementary](#) 2 years ago] into 60 real-time safety zones, ensuring every area is covered.

* * *
- **Dynamic Safety Scoring (DSS):** Each zone is evaluated using our innovative [DSS](#), providing an accurate, real-time safety benchmark.

* * *
- **Real-Time, Auto-Generated [Dashboard Reports](#):** Comprehensive, real-time, auto-generated dashboard reports provide stakeholders with an immediate and detailed overview of safety metrics, allowing for continuous monitoring and timely reviews.

* * *
- **Guided Improvements:** Our real-time scores serve as benchmarks, continuously guiding safety improvements throughout the school year.

* * *
- **Identify Strengths and Weaknesses:** The detailed 60-zone scores highlight both safety strengths and areas needing improvement, allowing for targeted improvement action.

* * *
- **Consistent Year Long Improvement:** By consistently assessing and reassessing every quarter, you ensure your safety benchmarks are continually improved.

* * *
- **Real-Time Quarterly Reassessments:** Our approach guarantees that your campus's safety is constantly monitored and enhanced, fulfilling the real-time safety requirements that parents demand.

* * *
- **Affordable Peace of Mind:** For only [\\$990](#) for the entire school year—less than the replacement cost of a computer—parents feel more confident having their children attend [SITE|SAFETYNETSM](#) schools.
